

## What others have said about Calvary Temple Christian Academy...

### Parents

"This will be Eleanor's third year at Calvary and we feel very strongly that your school offers the finest education we can provide for our children and will give them an excellent knowledge of the Bible as well."

"We can't begin to tell you how glad we are that we made the decision to send Benjamin to Calvary Temple. We were very pleased with what he learned from attending your school. Both academically and spiritually. . . We really feel blessed that while our stay in Philadelphia was short we had the opportunity to start Benjamin's education on a solid foundation."

Transferred Military Family - "I would like to thank you and the staff at CTCA for doing such a very fine job in building a strong base for Jennifer's education. It made it hard here to find a school with the same standards." "We didn't realize how strong and how far ahead the school was until we were looking for another school."

"CTCA has been a real blessing over the years and Debbie and I share the highest regards for your faculty and staff."

Grandmother - ". . .I would like to thank everyone for helping my grandson receive not only a great education but the best Christian education."

"When we chose Calvary as the school for Nicole and Lauren, one of the things that we looked for was a caring, nurturing staff. We have never been disappointed. On every occasion the teachers and staff have demonstrated the very best Christian traits."

**Calvary Temple Christian Academy, preparing students academically and spiritually for what lies ahead...**

"I know you must be very proud when you hear that one of your former students is doing exceptionally well. You, and the entire staff at CTCA, can be proud of Dennis. I know I am, and I truly believe that the time he spent in your program was the single greatest factor in making him what he is today. My son, Dennis, has the opportunity to apply for admission to St. Joseph's Preparatory School, in most part thanks to the outstanding education, and personal development he received while attending Calvary Temple Christian Academy."

### Educators

Vice Principal of Girl's High-school - "I would like to thank you for the fine job that your school has done in preparing students for Girls' High."

Boys Private School - "In years past we have educated many fine men from Calvary Temple and we would like to continue that tradition . . ."

Former Teacher - "You know that I will always carry the school in my heart. . . In my opinion, it will always be the top school in Philly."

### Students

1992 graduate - "Thanks to all of you I can try my best to achieve my goals in life....Thanks again to each and every wonderful one of you!"

"This is the best school I have ever been to!"
